The Census must count every person living in the United States on April 1, 2010.
Before you answer Question 1, count the people living in this house, apartment, or mobile home using our guidelines:

- Count all people, including babies, who live and sleep here at the time.
- The Census Bureau also counts counts in institutions and other places, so:
- Do not count anyone living away either at college or in the military.
- Do not count anyone in a nursing home, jail, prison, or detention facility, etc., on April 1, 2010.
- Do not count people off your form, even if they will return to live here after their lease college, the nursing home, the military, jail, etc. Otherwise, they may be counted twice.
- The Census must also include people without a permanent place to stay, so:
- If someone who has no permanent place to stay is staying here on April 1, 2010, count that person. Otherwise, he or she may be missed in the census.
- How many people were living in staying in this house, apartment, or mobile home on April 1, 2010?

1.

Beginning in May through July 10, we will be sending hundreds of thousands of census takers to every neighborhood in the country to count each housing unit that has not returned a census form.

2.

All census workers carry official government badges with their name; they also have a "U.S. Census Bureau" bag. Note that the census taker will never ask to enter your home. Respondents may ask for a valid photo ID matching the name on the badge.

3.

If you are not home the census worker will leave a double-sided (English and Spanish) NOTICE of VISIT in the doorway that includes a phone number to schedule an appointment.

4.

If you have **not** received a 2010 Census form, call **1-866-872-6868** and we will take your information over the phone. Be prepared that you may still receive a visit, since census takers have already received their assignments.
